Turnabout

Check out this album of classic dance pics. Guess NT hasn't changed that much, huh?
Photocreds to yearbook ;)

When the seniors start a mosh pit and you get caught in the middle.

The overly affectionate couple in the center of the dance floor.

When you know NT will take your props away.

When you take too candid of a photo with your selfie stick.

The awkward underclassmen who are way too dressed up.

When your date is a bad dancer.
