We at The New Trier News intend for the Destinations Issue to be a source of pride, not ridicule. While there is a lot of competition surrounding the college process, this list is meant to be a source of recognition and celebration for the accomplishments of seniors, no matter what they go on to do after graduation. The class of 2015 arrived from all different places four years ago and now we are honored to present where they will be heading next year.

Seniors had several weeks to inform The New Trier News of their post-high school plans. The preceding list was compiled based on self-reported plans. Any corrections submitted to The New Trier News will be published in the graduation issue.
